Rest is her *ritual*

01 · GISELE

Yoga, meditation and early nights have long anchored her routine. Recovery isn't the extra. It's the plan.

Discipline, *every day*

02 · DAVID

Training most days, for decades. Over a lifetime, consistency
beats intensity.

Sleep is the *secret*

03 · STEPH

He treats sleep as part of training. Deep rest is when the body repairs, and it compounds.

Strength *That lasts*

04 • SERENA

Strength work and recovery kept her winning well into her thirties. Muscle is a longevity asset.
